

AMAL Ambassadors Disclaimer

The ambassadors do not include anyone who founded AMAL or is aware of or related to the founding team.

AMAL is a decentralized cryptocurrency that is managed automatically and securely after the renunciation of ownership. The founding team manages the charity wallet, as well as all digital, technical, and media content. Ambassadors are not legally responsible for any work related to AMAL, regardless of its nature.

You can contact the founding team directly using the communication methods provided on the website. If there are any fraudulent activities, you can request to reveal the team's identity. Their data is documented according to KYC rules, and you can view it using the following link:
